## The VIO POV HD Wearable Camera Review

by GUESTPOSTER on FEBRUARY 28, 2012

### Versatile high definition action camera POV HD Camera by Vio

If you're in the market for a wearable point of view camera then look no further than the POV.HD camcorder from V.I.O, the brand that has risen the level of action camera technology. The POV.HD is their latest installment in the wearable camera market boasting a full HD 1080p recording experience with the largest field of view lens at 142 degrees. The [VIO POV HD camera](#) also captures high quality sound with an omni-directional microphone.

It that isn't enough to get your blood pressure up how about a industry only 2 inch LCD screen on a separate recorder that mounts to your body for shake free recording and playback viewing on the fly. Edit your videos at the scene or check out your latest trick without having to wait till you get back to the room to load it onto your computer.

This high definition action camera is far more versatile than just extreme sports recording. It is also used by the military and law enforcement agencies for it's high quality recording and versatile mounting options. Hands free video is the wave of the future and the POV HD is bringing the innovation to the masses. Here are some of the incredible features this little action camcorder have to offer:

### "Pov Cameras the Wave of the Future"

- Full 1080p HD video – 1080p/30fps, 1080p/25fps,
- 1080p/24fps, 720p/60fps, 720p/50fps, 720p/30fps,
- 720p/25fps, 480p/30fps, 480p/25fps
- MPEG 4 format
- 2 megapixel photos
- 32 GB SDHC card
- 4.33 hrs record time (1080p)
- RF wireless remote control
- Auto exposure/white balance control
- On the fly editing capability
- 69 db dynamic range
- Temp operating range of -4F to +140F
- FOV 142 degrees in 1080p
- 4 AA batteries
- Built in omni-directional mic (cable mounted)

### Here is what you get when you purchase the VIO POV.HD wearable camcorder:

1. POV.HD Recorder with LCD
2. Wide Angle Camera Head
3. LVDS Cable
4. Wireless Remote Control
5. Carrying Case
6. Mounting Systems (Star Mount & Goggle Mount, plus zip ties and Velcro strips)
7. 4GB SDHC Memory Card
8. USB Cable
9. Analog A/V Cable
10. 4 AA Batteries
11. Preloaded [photo Tutorials](#) and Quick Start Guide

The various mounting capabilities of the POV HD camera are what make it so attractive to extreme sports enthusiasts. The ultra stable star mounting system allows the camera to be mounted in just about any position on a metallic surface via magnets. Pretty innovative and it's strength allows it to improve wind resistance which helps ensure a shake free video recording every time.

### Connect your POV Video Camera to your PC or Mac Via Via USB: Full 1080p HD video camera by Vio

Yes the VIO POV video photography camera will connect with PC and Mac computers so there is never any doubt as to whether your compatible. Simply connect it to your computer via USB and use your favorite editing software to have perfect high definition videos of your latest snowboarding trip to the Rocky mountains.
